

Last year we applied for a lottery grant to help us develop a project regarding the well-being of our children. The project involves working with children, parents and staff on aspects of behaviour management, developing strategies to help with conflict resolution skills and other areas of well-being for all concerned.

I am very pleased to tell you that we were successful in receiving the funding. A plaque has been put up in the hall with a certificate detailing the amount of funding we managed to secure.

Already we have worked with groups of parents and children developing their awareness of strategies that can be used to control and manage behaviour.

The funding is for the year and as part of this we are training the staff to carry on this work after the funding ceases.

I am sure that you will agree that this has been a fantastic achievement and from now on we will be including the lottery award logo on our newsletter to broadcast this accomplishment.
